This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

NOTICE

TO THE

PROPRIETORS OF MT. AUBURN.

THE first number of the Second Volume of the MT. AUBURN MEMORIAL will be issued on the first of July next. The proprietors are happy to state that this sheet has awakened a very deep interest wherever it has been circulated. As the only paper of this particular stamp in the world, it is calculated to present an entirely new field for both writer and reader. To those who hold an interest in these consecrated grounds, it is of great importance, gathering up, from week to week, articles upon the distinguished men who slumber here, and all items of interest connected with our beautiful city of silence.

The delay in commencing the new year is owing to the necessity of reprinting some of the early numbers of the the last year, with which to supply a number of new subscribers who are desirous of binding the first volume. The price will be reduced to $1.50 per year for single subscribers.

We have yet on hand a few complete sets of the first volume, which, when bound, make a volume of over Four Hundred pages of Biography, Miscellany, Editorials, etc., with an index, —a book, the interest of which will increase, as a faithful record of the early history of Mt. Auburn, its successive additions and improvements, up to the date of the last number of the volume.

All Proprietors not already subscribers, should at once secure the first volume, as well as send in their subscriptions for the next year.

Respectfully,

T. H. & DE F. SAFFORD,

Editors Mt. Auburn Memorial.

INTRODUCTION.

THE *seventh* Catalogue makes its appearance three years after the publication of the sixth. Numerous changes are apparent upon its pages, but time has been no less busy with the facts than the figures. About three hundred and fifty proprietors have been added to the list, and not less than one hundred and fifty have been gathered to the shades of Mount Auburn. The early proprietors have held their lots upwards of twenty-five years, and the mortality in their ranks is visibly increasing. The present number of lot owners being about 3,000, upon the usual estimate of duration of human life, nearly one hundred of these must annually become tenants of this consecrated spot. Hence, in order that the systematic régulation of the affairs of the Cemetery may not be disturbed, it is obviously important to keep the places of the departed supplied with living representatives, and the prompt attention of the families or friends of such proprietors is invited to this point. By great efforts, extensive correspondence, and personal appeal, representatives have been designated for the lots of nearly all deceased proprietors — now numbering about five hundred. In endeavoring to attain this result, the completion of the Catalogue was delayed for some time; but as the deficiencies in this list are so nearly made up, it is believed that, by punctually noti-

fying the parties in interest, whenever new cases may occur, the task of preparing future editions of the Catalogue need not, for this cause, be made more difficult.

For the sake of diminishing the danger of destruction, and of making it more readily accessible to proprietors, a duplicate Register of Interments has been made, and will be kept at the office of the Secretary.

An extensive survey of the whole Cemetery, indicating the lots and the intermediate spaces upon a scale of twenty feet to the inch, is now in progress, and will be completed during the present season. This will enable persons wishing to purchase, to see the position of the unsold lots or pieces of land, as it will also proprietors to ascertain the number of feet in the spaces adjacent to their lots, and, at a very moderate cost, protect themselves from the possibility of any future appropriation thereof to the use of other persons.

For the purpose of guarding against mistakes, and of bringing more directly to the notice of proprietors the various matters which require attention, some further observations are here inserted under the head of

MEMORANDA FOR PROPRIETORS.

TRANSFERS.

The *Records of the Corporation* are the only evidence of the title of a proprietor *recognized* by the corporation. Consequently, when a person receives a lot by *transfer* rom a proprietor, he should send his deed at once to the office of the Secretary for record. This suggestion would almost seem unnecessary, but experience has proved it otherwise, since the record of such transfers has sometimes been neglected for years, and sometimes the deed has been sent to the County Registry for record.

TRANSFER BY WILL.

The foregoing remarks are also applicable to lots *devised* to any person. The certified copy of the will containing any such devise, should be exhibited to the Secretary, and the proper extract from the same, with the necessary certificate, will be recorded upon the book of Special Transfers, and reference made thereto upon the original record. It matters not whether such devise is expressed in such *general* terms as are usually contained in the residuary clause, or whether the *lot is specifically mentioned;* in *either* case, the record should be made.

Persons can, since the act of the Legislature of 1859, dispose of their lots by will, either to one person specifically named, or to "heirs at law," "devisees," or "trustees," who take as tenants in common, but, under the construction of Sec. 8 of the Charter, are treated as one person, in law, and for whom, or of whom, some one is designated to represent the lot. If, however, the design is to devise the lot for the benefit of a number of individuals, the less circuitous and more practicable method is to make such devise to one person as *trustee.*

SOLE HEIR AT LAW.

By reference to the 8th Section of the Charter, and to the 20th By-Law, it will be seen that provision is made for any one who claims to be the *sole* heir-at-law of a proprietor, to assert his title to a lot. By making the affidavit required, he will gain a *presumptive* title, and will be treated as the proprietor until his claim to the lot shall be shown to be void.

REPRESENTATIVE OF A DECEASED PROPRIETOR.

Section 8th of the Charter, and Articles 16th and 20th of the By-Laws, indicate the importance of giving attention to this matter. The need of such representative results from the provision of the Charter that a lot can have but one proprietor. Consequently, upon his death, whenever it may fall by devise or inheritance to *several* persons, provision is made for *one* of them to step into the place of such proprietor, and exercise the legal control of the lot during the continuance of his appointment, which may last for his lifetime, or he may be superseded at any time, as circumstances shall require. Of course, therefore, no heir or devisee parts with any title which he may have, by reason of such appointment of his co-heir or devisee. It is the practice of the Trustees to appoint such representative upon the petition of the parties in interest, in which the person deemed by them most suitable or desirable is nominated. Such person may be the husband or the widow of the deceased, or either of the children of proper age, the guardian of minor children, or a trustee under the will — preference generally being given, however, to a person resident in this vicinity, or to the one residing *nearest* to the Cemetery.

A blank for such petition may always be had upon application to the Secretary, who will furnish any requisite information upon the subject.

CARE OF LOTS.

For the *transient* care of lots, proprietors are at liberty to contract with any suitable person whom they may select; but they are recommended to employ the person who holds the ap-

pointment of Gardener under the Trustees, he being considered as responsible to the Corporation for any abuse of trust. They should be particular to specify, so far as is in their power, what care they desire to be devoted to their lots, and contract for the same at a fixed price, and sign their names to such agreement in a memorandum book kept for the purpose. By this means the danger of mistakes and occasions of difference will be avoided. If proprietors desire the *perpetual* care of their lots, it is competent for them to make a contract to that effect with the Corporation. This is fast becoming a favorite method with owners of lots, and should be resorted to by all who can spare a sum, the income of which is sufficient for the purpose. An object so easily secured in one's lifetime, or, if not then convenient, under his last will, should never be relinquished to the caprices of fortune, or the supposed gratitude and affection of kindred, while dilapidated lots and neglected graves in all our cemeteries are so often the monuments of ingratitude or extinguished respect. The 29th By-Law gives further information upon this subject.

INTERMENTS.

Much confusion and trouble has arisen from proprietors too frequently allowing or requesting the *undertakers to sign the orders for interments.* As the Register of Interments is made up entirely from these written orders, it will be seen that the danger of mistakes in names and other important facts, is too great, to intrust this duty to strangers to the parties, who must necessarily write them upon the information of others, and in the hurry of business. Holders of lots, are therefore requested to remember that one of the By-Laws requires that the order for interment shall be made "by the proprietor of the lot, or his

legal representative," and that every order signed by the undertaker will be refused. Great pains have been taken to correct the old register, in which were found too many errors arising from this source, and this labor will appear to have been lost unless the practice shall be discontinued.

ERRORS AND CHANGES IN THE CATALOGUE.

Whenever any errors are noticed in the Catalogue or Plan, in the names of proprietors, or the number or location of their lots, or when they desire a change of residence to be entered, notice should be given at once to the Secretary.

VALUE AND COST OF THE CEMETERY.

As Mount Auburn was, in point of time, the first of American rural cemeteries, so, without disparagement to others, it stands, perhaps, by the general confession, at the head of all — not in extent of territory, nor in populousness — but, in its natural beauties, and its elements of stability and permanency. This last word, however, reminds the writer of the remark of a gentleman the other day, that doubts about the permanent existence of Mount Auburn had been injected into his mind in only one way, and that was by contemplating the remote possibility of Boston being the object of attack by a hostile beleaguering army, which should be reduced to the necessity of breaking up the iron fences and monuments to carry on the bombardment.

For the benefit of proprietors who have often expressed a desire to know the cost of the various solid improvements, and the value of the permanent resources of the Cemetery, some items are here inserted, collected in part from the History of Mount

Auburn, by Dr. Jacob Bigelow (just published), and in part from the Reports of the Treasurer.

Section 9. Be it further enacted, That it shall be lawful for the said Corporation to take and hold any grant, donation or bequest of property, upon trust, to apply the income thereof, under the direction of the board of Trustees, for the improvement or embellishment of the said Cemetery or of the Garden adjacent thereto, or of any buildings, structures, or fences erected or being erected upon the lands of the said Corporation, or of any individual proprietor of a lot in the Cemetery, or for the repair, preservation, or renewal of any tomb, monument, gravestone, fence, or railing, or other erection in or around any Cemetery lot, or for the planting and cultivation of trees, shrubs,

flowers, or plants, in or around any Cemetery lot, according to the terms of such grant, donation, or bequest; and the Supreme Judicial Court in this Commonwealth, or any other court therein having equity jurisdiction, shall have full power and jurisdiction to compel the due performance of the said trusts, or any of them, upon a bill filed by a proprietor of any lot in the said Cemetery for that purpose.

Section 10. Be it further enacted as follows: — First, That the present proprietors of lots in the said Cemetery, who shall become members of the Corporation created by this Act, shall henceforth cease to be members of the said Horticultural Society, so far as their membership therein depends on their being proprietors of lots in the said Cemetery. Secondly, That the sales of the Cemetery lots shall continue to be made as fast as it is practicable by the Corporation created by this Act, at a price not less than the sum of sixty dollars for evey lot containing three hundred square feet, and so in proportion for any greater or less quantity, unless the said Horticultural Society and the Corporation created by this Act, shall mutually agree to sell the same at a less price. Thirdly, That the proceeds of the first

sales of such lots, after deducting the annual expenses of the Cemetery establishment, shall be applied to the extinguishment of the present debts due by the said Horticultural Society on account of the said Garden and Cemetery. And after the extinguishment of the said debts, the balance of the said proceeds, and proceeds of all future sales, shall annually, on the first Monday of every year, be divided between the said Horticultural Society and the Corporation created by this Act, in manner following, namely: — Fourteen hundred dollars shall be first deducted from the gross proceeds of the sales of lots during the preceding year, for the purpose of defraying the Superintendent's salary and other incidental expenses of the Cemetery establishment; and the residue of the said gross proceeds shall be divided between the said Horticultural Society and the Corporation created by this Act, as follows, namely: — One fourth part thereof shall be received by and paid over to the said Horticultural Society, on the first Monday of January of every year, and the remaining three fourth parts shall be detained and held by the Corporation created by this Act, to their own use forever. And if the sales of any year shall be less than fourteen hundred dollars,

then the deficiency shall be a charge on the sales of the succeeding year or years. Fourthly, The money so received by the said Horticultural Society shall be forever devoted and applied by the said Society to the purposes of an experimental garden, and to promote the art and science of Horticulture, and for no other purpose. And the money so retained by the Corporation created by this Act, shall be forever devoted and applied to the preservation, improvement, embellishment, and enlargement of the said Cemetery and Garden, and the incidental expenses thereof, and for no other purpose whatsoever. Fifthly, A Committee of the said Horticultural Society, duly appointed for this purpose, shall, on the first Monday of January of every year, have a right to inspect and examine the books and accounts of the Treasurer, or other officer acting as Treasurer of the Corporation created by this Act, as far as may be necessary to ascertain the sales of lots of the preceding year.

Seetion 11. Be it further enacted, That any three or more of the persons named in this Act shall have authority to call the first meeting of the said Corporation, by an advertisement in one or more newspapers, printed in the City of Boston,

seven days, at least, before the time of holding such meeting, and specifying the time and place thereof. And all proprietors of lots, who shall before, at, or during the time of holding such meeting, by writing, assent to this Act, shall be entitled to vote in person or by proxy at the said first meeting. And at any such meeting or any such adjournment thereof, any elections may be had, and any business done, which are herein authorized to be had and done at an annual meeting, although the same may not be specified in the notice for the said meeting. And the first Board of Trustees, chosen at the said meeting, shall continue in office until the annual meeting of the said Coporation next ensuing their choice, and until another Board are chosen in their stead, in pursuance of this Act.

Section 12. Be it further enacted, That the said Cemetery shall be and hereby is declared exempted from all public taxes, so long as the same shall remain dedicated to the purposes of a Cemetery.

If any avenue, path, or lot shall be given up, altered, or removed

The Secretary shall procure and keep one or more portfolios, in which he shall insert such plans as proprietors may respectively procure to be made of their lots, such plans to be drawn by a surveyor approved by the Trustees, on paper of uniform size, which shall be furnished by the Secretary, and no plans shall be introduced into the portfolio unless they shall have been examined and approved by the Committee on Lots, or a majority of them, and certified by the Superintendent to be correct. Proprietors shall pay the expense of their own plans, and one dollar to the Secretary for examining and introducing the same into the portfolio and placing the name in the index.

ART. 27. No appropriation of money exceeding one thousand dollars for any one object, unless it be for the liquidation of a debt previously existing, shall be made by the Trustees, except at a meeting at least seven days subsequent to the meeting in which the said appropriation has been

moved; whereof special notice shall have been given.

COLLECTION AND PAYMENT OF MONEY.

ART. 28. All sums due the Corporation of one hundred dollars and upwards shall be paid to the Treasurer; and all bills of like amount shall be paid by him; and all bills except those for labor shall be approved either by the proprietor for whom the work is done, or by the Committee on Lots; provided that nothing herein contained shall be understood as conflicting with the provisions of any existing by-laws.

dollars, according to the terms of trust given in the Appendix. In this case, if the Repair Fund should ever be lost, the whole property of the Corporation is held for the perpetual repair of such lots.

All monies received from proprietors, for the purpose of keeping lots in repair, shall collectively constitute a separate fund, to be called the "Repair Fund," and shall be kept invested, under the direction of the Committee on Finance, in some public stock of this State, or of the National Government, or in the stock of some bank or banks of this State, or in some personal notes or obligations of private persons, secured by a satisfactory collateral pledge, or mortgage on interest.

Each lot, in relation to which such contract shall have been made, shall be credited in a book kept for the purpose, with the principal sum given on account of said lot, and at the close of each year, a ratable proportion of the net income of the whole Repair Fund, less one half per cent., shall be carried to the credit of each lot, and the proper entries made accordingly.

The Treasurer shall keep the Superintendent constantly informed as to all lots which the Corporation have agreed to keep in repair, and shall

A list of the lots, the repair of which has been contracted for by the Corporation, shall be published in each edition of the Catalogue of proprietors, together with the names of the present owners, and the sums respectively paid on said lots.

ADMITTANCE.

ART. 30. The Secretary shall furnish to each proprietor who may request it, a ticket, entitling him and his household to drive with a carriage into the Cemetery. These tickets are not transferable.

In all cases where the Secretary is satisfied, by a written petition to the Trustees, that the heirs or devisees in common of any lot have agreed upon any one person to represent the same, he may issue the ticket for such lot to the person designated in such petition as representative of such lot, to remain good until the further action of the Board. The petition, however, shall be presented, with notice of the Secretary's action, at the next meeting of the Trustees.

The Secretary is authorized to issue more than

The Secretary is authorized to replace tickets which he is satisfied are actually lost. But if the lost ticket is found, the duplicate shall be returned to the Secretary.

Strangers from a distance, also persons having business in the Cemetery, may be admitted with carriages on presenting a note or ticket of admission signed by a Trustee or by the Secretary or Treasurer. The following persons hold certificates entitling them to locate lots of 300 feet each:

Augustine Heard,
Francis J. Oliver,
Jeffrey Richardson,
Jonathan Whitney.

There is also an outstanding certificate in the hands of some *unknown* person, dated July 27, 1844.

NAMES OF PROPRIETORS.

ALPHABETICALLY ARRANGED.

An asterisk * indicates that the person has deceased, with which is included, in a parenthesis, the year of decease. When the interment was made in a year subsequent to that of decease, this date also is given, preceded by the sign †. When the deceased has not been interred in the Cemetery, it is indicated by the sign ‡.

Where different proprietors bear the same name, they are to be distinguished by the addition of their respective residences, or the location of their lots. Lots of deceased proprietors, to which representatives have been appointed, may be found under either the name of the deceased proprietor, or of the representative. So, lots belonging to aggregate bodies which are represented, are indexed twice.

A zero (0) indicates that the proprietor has not yet located a lot.
